McDonald's Corporation	USA	US5801351017	Annual	21-May-20	Share Holder	Product Toxicity and Safety		6	Report on Sugar and Public Health	Against	S	Although we encourage McDonald's to continue its efforts in nutrition disclosure and more specifically when related to sugar risks, and to continue curbing the sugar content of its menu, we think the resolution proposed would have required too much resources in a constrained time frame to prepare a report presenting scientific information, and would not add enough business value. We have engaged with the group on this topic and will continue to.
