PepsiCo, Inc.	USA	US7134481081	Annual	6-May-20	Share Holder	Product Toxicity and Safety	5	Report on Sugar and Public Health	Against	S	Although we encourage PepsiCo to continue its efforts in nutrition disclosure and more specifically when related to sugar risks, and to continue curbing the sugar content of its portfolio, we think the resolution proposed would have required too much resources in a constrained time frame to prepare a report presenting scientific information, and would not add enough business value. We will continue to engage with PepsiCo on this topic as we have done in recent year already, including collaboratively with the Access to Nutrition Foundation.
